35 yanıt

Please provide any additional comments or suggestions regarding the general facilities of Usak University.

15 yanıt

I have no further comments. Everything was amazing.

Uşak University provides excellent facilities that contribute to both academic success and student life. The campus features a modern library with rich digital and physical resources, a comprehensive sports center with a gym and fitness areas. Cultural engagement is highly supported and the Student Bazaar offers convenient access to everyday services. In general, the university creates a supportive and dynamic environment that fosters education, community involvement, and personal development.

Nothing to add

I have no offer

Good and clean

Impressive infrastructure. Beautiful, new campus with student rooms, gym, swimming pool, beautiful auditorium, conference center. Extraordinary facilities for the scientific and non-scientific spheres. Congratulations.

Since this is an international event, and the university is considered to be as such, I believe a switch to European toilets would be much appreciated for all those incoming to Usak.

There is a lack of handouts about Uşak University

Usak university is very beautiful and also have professional professors.

Everything is great, nothing to add

Everything was perfect: hospitable staff members, a well-scheduled program, excellent facilities and the friendly environment.

Thrilled by your hospitality.

The campus is spacious, well-ventilated, and equipped with all the necessary facilities. I had no difficulty accessing key areas such as restrooms, cafés, the photocopy room, or the mini-market. We were also regularly guided to the on-campus restaurant, which was convenient and helped avoid unnecessary fatigue. The daily shuttle service to and from the hotel was also greatly appreciated. Overall, this thoughtful organization made the entire experience smooth and enjoyable.

In general everything was in proper order and we appreciate your efforts for your work.

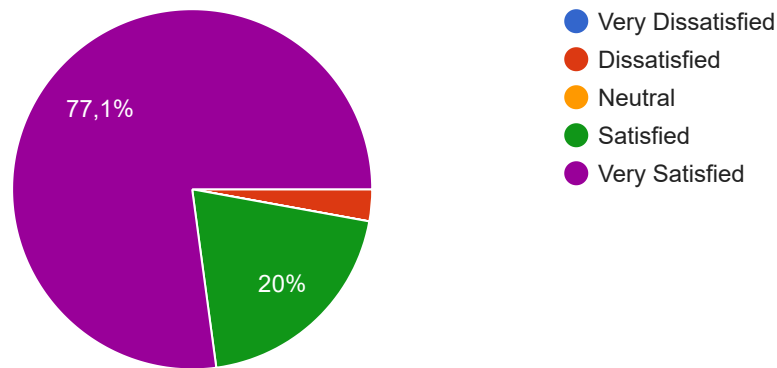

The entire infrastructure of Uşaki University represents the best overall learning and recreation system for students.

## Section 2: Informative Side of the International Staff Week

The speech delivered by the keynote speaker were informative and relevant to the theme of the event.

 Kopyala

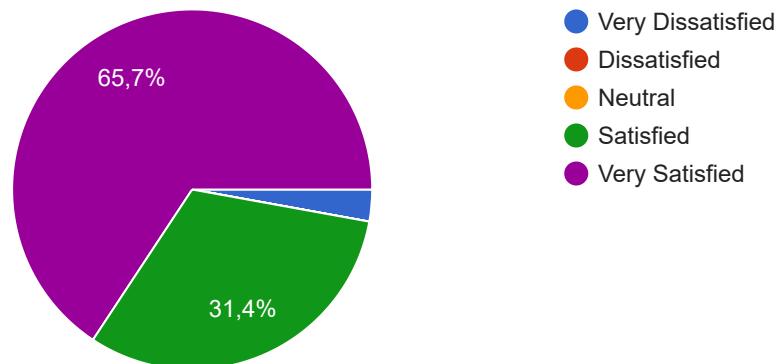

35 yanıt

The roundtable session was well-structured and a good opportunity for knowing other participants.

 Kopyala

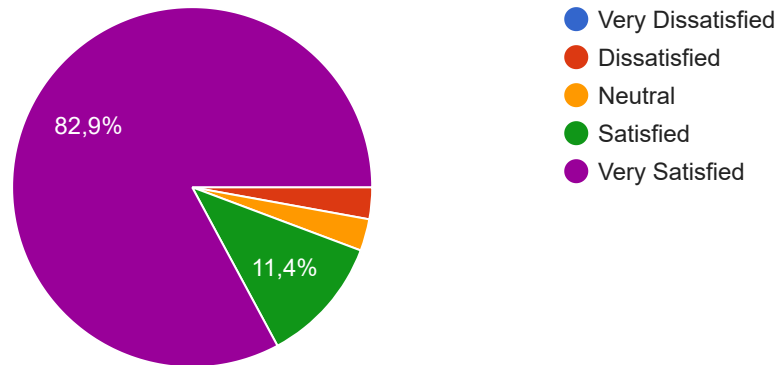

35 yanıt

The opportunities for networking and knowledge exchange with other participants (eg. 5 minutes challenge, coffee breaks, etc.) were valuable.

 Kopyala

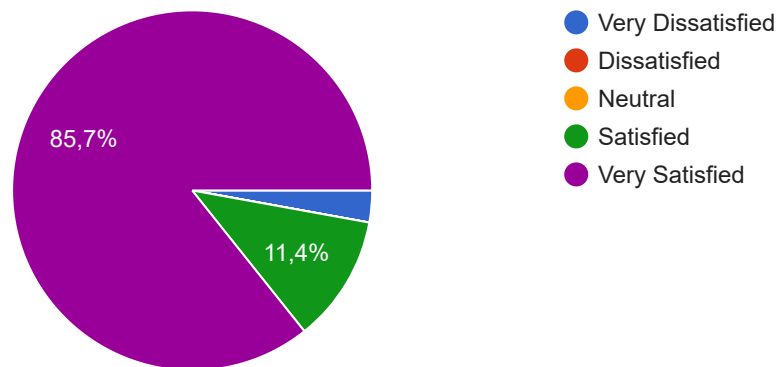

35 yanıt

The international coffee break and desk activity was well designed for knowing each other, and participants' institutions and countries.

 Kopyala

35 yanıt

Please provide any additional comments or suggestions regarding the informative side of the International Staff Week.

14 yanıt

The informative aspect of the International Staff Week was well-organized and comprehensive. The sessions provided clear insights into the host institution's structure, internationalization strategies, and opportunities for collaboration. Presentations were engaging and relevant, covering a wide range of academic and cultural topics. Overall, the event was highly informative, fostering meaningful exchange and future cooperation among international participants.

5-minute challenge was great

Very good and attractiv activities

No complaints. We received all the necessary information.

I think smaller gatherings (by groups rather than conference room) could be of bigger impact on interacting with the IRO team, academic staff and students in exchanging good practice examples and discussing relevant issues.

the table with data on participants from all educational institutions is very convenient

No Comment, all was ok

The information side was carried out at a high level

Everything was amazingly organized.

Successful selection of participants and excellent communication among us

The organization did a great job facilitating exchanges between participants. I had the opportunity to connect with people from different countries and cultures – during breakfasts at the hotel, coffee breaks, and lunches. The 5-Minutes Challenge presentations offered a useful overview of the various institutions, and my colleagues and I even received collaboration proposals, both directly and by email.

Round table discussion was too short and subjects of discussion too mild.

No comment

I highly recommend the International Week News Group.

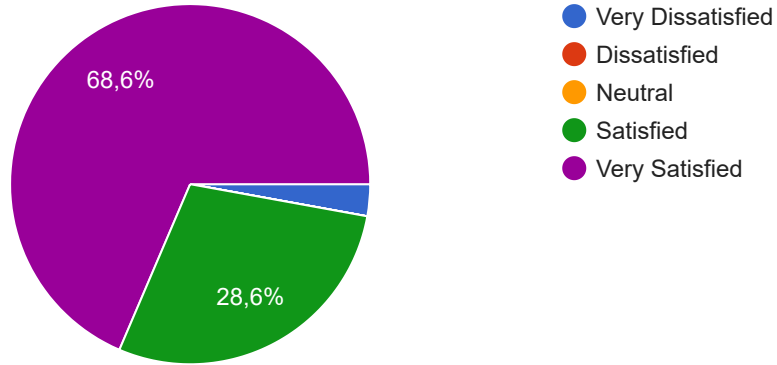

### Section 3: Social Activities of the International Staff Week

The PowerPoint presentation introducing Turkish culture was informative and engaging.

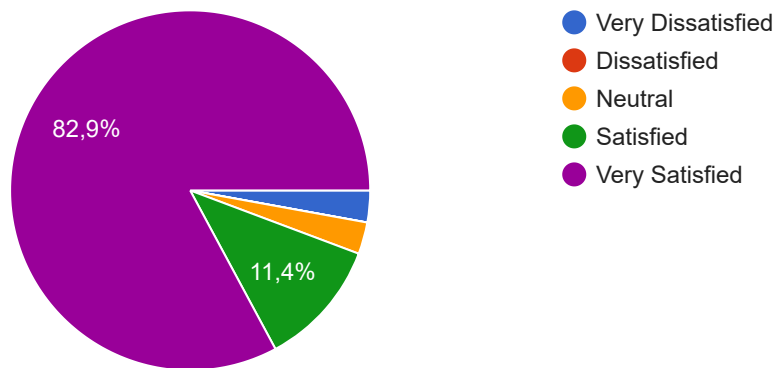

35 yanıt

The folkloric dance performances were captivating and provided insight into Turkish traditions.

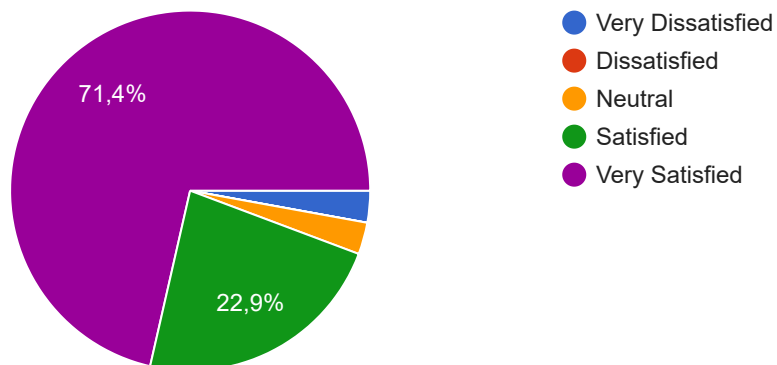

35 yanıt

The live music performances during the International Staff Week were enjoyable and added to the cultural experience.

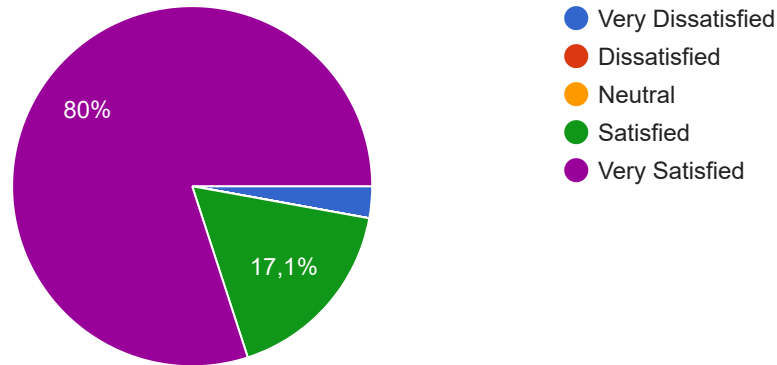

35 yanıt

The visit to the dormitory provided valuable insight into student life at Uşak University.

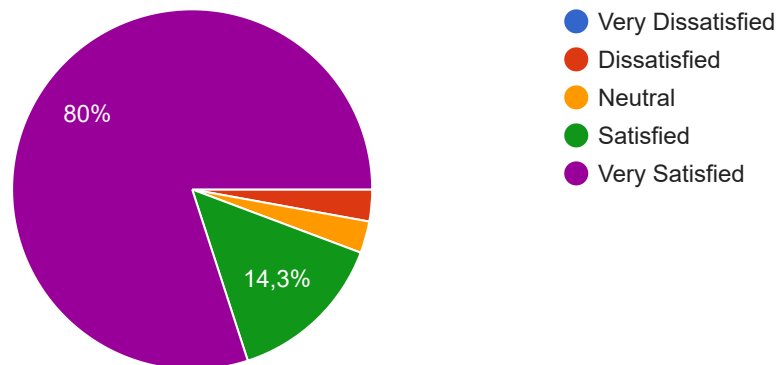

35 yanıt

The museum visit allowed for a meaningful exploration of the local history and culture.

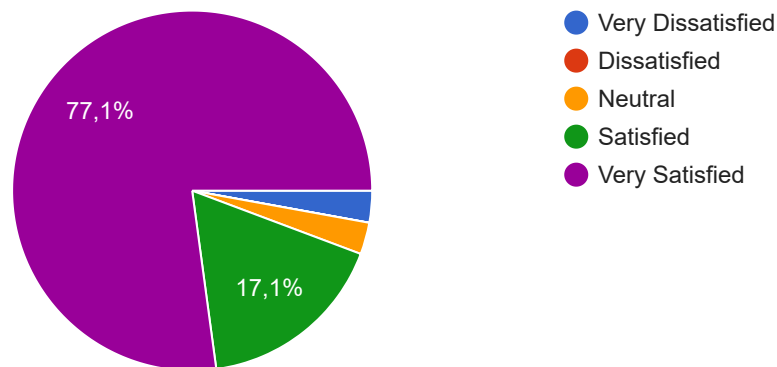

35 yanıt

The visit to the Ulubey Canyons, Blaundus Ancient City provided an enjoyable and memorable outdoor experience.

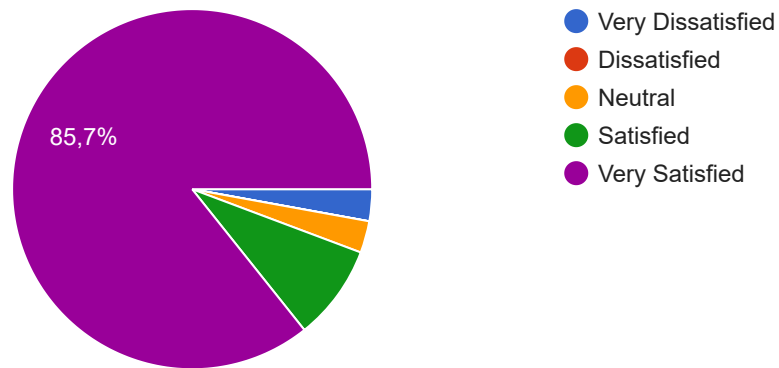

35 yanıt

The Pamukkale tour was well-organized and added value to the International Staff Week.

 Kopyala

35 yanıt

Please provide any additional comments or suggestions regarding the social activities of the International Staff Week.

Yanıtınız

15 yanıt

The social activities during the International Staff Week were really well organized. There was a great balance of events, and everything was scheduled in a way that gave us enough time to enjoy each activity without feeling rushed. It was clear that a lot of thought went into the planning and logistics, which made the whole experience smooth and enjoyable. Big thanks to the team for creating such a friendly and engaging atmosphere throughout the week!

The social activities during the International Staff Week were enjoyable, well-planned, and played a vital role in fostering connections among participants. Cultural tours, group dinners, and informal gatherings created a warm and welcoming atmosphere, encouraging networking and cultural exchange. These activities helped build friendships and professional relationships in a relaxed setting. Overall, the social program greatly enriched the week's experience.

The only suggestion I would like to offer regarding the activities is that more time should be allocated for the trip to Pamukkale. There was so much to see, and the time was not sufficient to fully explore the area. I believe that the shopping stop in Denizli was unnecessary, and the entire day could have been dedicated to the Pamukkale trip instead, especially since we were already there. It would have been a shame not to make the most of it.

Jereed game was a very meaningful exploration of the local culture

Excellent.

I believe a workshop on Turkish language would be much appreciated (just small things like how to say hello, thank you, etc.) and also maybe a tour of the city's interesting spots (old and new, if any) would provide valuable knowledge. (you could make it a 'treasure hunt' type of activity)

the presentation in the hall about Turkish culture was successful

It was better to do a visit inside the city and why not tongo to a turkish restorant

Great way to celebrate the staff week and a great opportunity to take part in it

I enjoyed all the social activities at the International Staff Week.

You succeeded in bringing us together to celebrate, dance and enjoy unforgettable moments

Thanks to the social activities, I had the chance to discover places I might never have visited otherwise. These moments added a memorable and enriching dimension to the experience.

Exellent

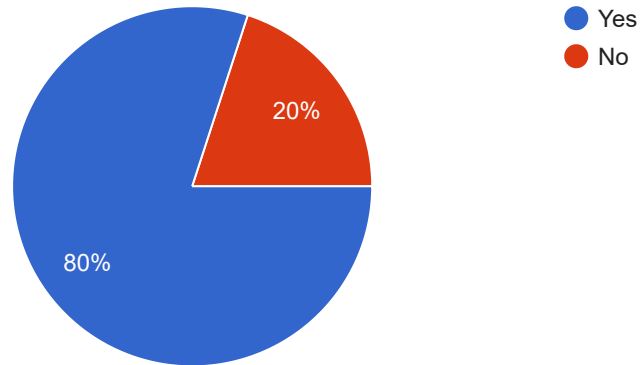

Everything was great! Well organised! Thank you!

The international relations staff of Uşak University are highly qualified people. The exchange week program was very well chosen.

Have you participated in Erasmus teaching/training activities during the 6th ISW ?

How would you rate the support and guidance provided by Uşak University during your Erasmus teaching/training activities?

 Kopyala

28 yanıt

Please share any challenges or positive aspects you encountered during your Erasmus teaching/training activities.

14 yanıt

I greatly appreciated the excellent organization throughout the entire event, starting from the daily shuttle service provided and the constant accompaniment during all the activities. In particular, I really enjoyed the training on May 14, where I had the opportunity to be invited to the Human Resources Office for an exchange of experiences. The entire day was perfectly organized, from their presentation to the discussions about our shared work experiences, along with the outdoor activities. It was all fantastic and provided a great learning experience.

Organizational work was at a high level

It would be nice to meet with university research staff and exchange experiences on a larger scale.

I think the interaction with the students was very good (both the STW volunteers and the students from different faculties). Their curiosity and feedback were invaluable.

Representatives of the Kyiv National University of Technologies and Design are grateful Ozlem Kaya

time to questions and answers

The International office team and all students, colleagues are kind, hospitable and do their best. Perfectly organised week!

Very helpful

Everything was well organised and there was a very fruitful exchange of experience

I am totally satisfied with all Erasmus teaching/training activities organized by the staff members of Usak University. The activities were engaging and highly informative. As I am a great fan of historical sites, I was extremely fascinated to see the historical heritage of Turkey. I will be more than happy to use my chance in the future and come to Usak university again.

Very hospitable and pleasant staff and students. Very patient and smart translators. It was a great honour to meet all of them.

I appreciate the Faculty of Fine Arts teachers who kindly adjusted their schedules to allow the workshop to take place.

One of the best parts of the experience was interacting with students I had never met before, it was a meaningful exchange.

Although we didn't share the same language, it wasn't a real barrier. It actually pushed me to take a more visual and creative approach, using images, signs, and writing. I'm also grateful to the academic staff members who assisted with translation and communication during the session.

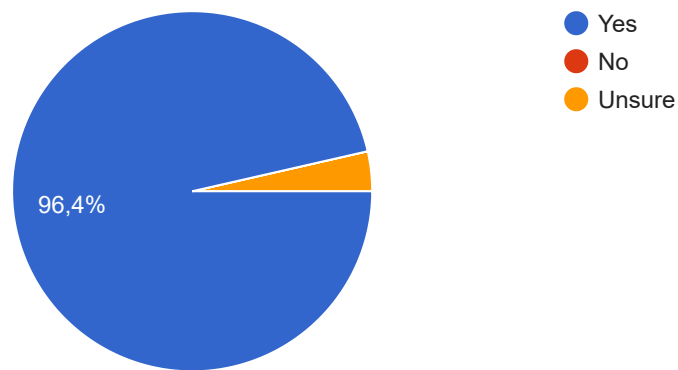

Positive staff of the university created a nice atmosphere,which facilitated future collaboration

The time for roundtable discussions was insufficient.

Are you interested in participating in future Erasmus teaching/training activities at Usak University?

 Kopyala

28 yanıt

Please provide any additional comments or suggestions regarding Erasmus teaching/training experiences.

9 yanıt

I regret that so few people deal with personal finance.

Each participant (especially those on STA) should have a clear schedule so that they are met by a colleague, teaching a class independently, doing a workshop, shadowing someone, etc. In this way more of Usak Univ.'s students / staff can benefit from our on campus presence and the faculties also get involved. Internalization is a team effort, and it's not only the IRO's job.

It is desirable to hold more professional master classes

Best experience

Interesting exchange of different countries backgrounds

Erasmus gives all the teachers throughout the world an opportunity to get acquainted with each other, share experience, teaching methodologies and the information about their countries as well as universities, which lead to raising awareness among the teachers and educators. Erasmus helps us establish strong bonds with other educational establishments which is beneficial for not only the host universities, but also all the universities involved in this program.

Thank you, my friends. I wait for you at my university.

The Erasmus teaching experience was enriching both professionally and personally. It gave me the chance to explore new teaching environments, connect with international colleagues, and engage with students from different cultural backgrounds. I would highly recommend more collaborative workshops in future programs. If possible, allocating a bit more time to the teaching activity would make the experience even richer, with more interaction with the students and deeper development of ideas.

My only suggestion would be to count this experience as 7 days, instead of 5, as other universities do...well, from my own personal experience with Erasmus +. In rest-all perfect! Fabulous experience!

I would like to sincerely thank the organizers of the International Staff Week for the excellent organization of the entire event. From the very beginning, everything was well planned and thoughtfully prepared, offering us a wide range of activities and valuable opportunities to connect with colleagues from different countries. The atmosphere throughout the week was relaxed, engaging, and highly professional, making it both an enjoyable and enriching experience. I truly appreciated the chance to exchange ideas, explore new perspectives, and be inspired by the diversity and openness of the program. It was a pleasure to be part of it, and I'm bringing home not only new knowledge but also great memories and new friendships. This was my first time in Turkey in general. By visiting Uşak and Uşak University I had a chance to feel real Turkish culture, history and hospitality. This event is going to be in my memory for the whole life. Thank you so much!!! And I am writing this from the perspective of a person who has experience in organization of International Staff Week events. I definitely learned a lot!

Thank you for everything

Thank you very much! You are perfect!

I hope that we will be able to find a grant for joint research. I would like there to be dedicated government grants, bilateral Polish-Turkish. Poland has signed an agreement with many countries, but not with Turkey. And that's a pity.

Thanks for the amazing experience!

It would be nice to have a shared folder for pictures/videos etc. taken during the event.

grateful to the management of Uşak University and the Erasmus office. Desire to return

Your support with transportation was great. I would have liked to have received information about the shuttle bus (from the airport, in Uşak) a little earlier - 1 or 2 days earlier, because if a person arrives earlier, or is on a plane, and then may have a worse internet connection, it was not possible to respond adequately and immediately (only in the evening at the hotel on wifi). Thank you :-)

The staff was great, professional, collaborative

High level of organisation and implementation of all events

Huge thanks for making our visit unforgettable.

Thank you. You are a fantastic team and your students - volunteers were incredible. Congratulations 🎉👏

Uşak University provided a supportive and well-organized environment. I would like to sincerely highlight the efforts of the students involved in the organizing committee.

Their presence, kindness, and support throughout the entire week were truly appreciated. They played a key role in making the experience smooth, enjoyable, and welcoming for all participants.

Suggestions: Just 2 of them: Change the number of days accordingly...7 days instead of 5....Also the reimbursement should be on the arrival day,or on the 3rd day the latest...This is the grat experience I had with other universities on my Erasmus +.

I would like to express my gratitude to the organizers of the International Week and the entire staff.
